Pricing your mail items

There are three easy steps to calculate your postage cost:

- Multiply the number of items by the price per item for each format per service (where applicable)

- Multiply the total weight (excluding the bag weight) by the price per kg for each format per service (where applicable)

- Add the above together.

Please note: Surcharges and remedial charges might effect your pricing. To check the charges that may apply please visit royalmail.com/surcharges
